

Universal Wedding Package

Introduction

Universal Marquees Limited and The Food 4 You Company have joined together to provide a fantastic complete wedding opportunity. Both companies know that every bride, every groom and every wedding are different. We know that many people are reluctant to consider an “off the shelf” Wedding package. But we also know that many couples want a structure to their wedding day which includes working within a finite budget. For this reason we have created three wonderful options for both the Wedding Marquee and Wedding Breakfast, which will allow you to see exactly what you will be receiving and exactly what it will cost you. And we have kept the pricing simple – providing you have 80 or more adults attending, the pricing goes up in fixed stages for the marquee and the price per package for the food is fixed. This gives you a fantastic marquee at the location of your choice plus everything you need for a great Wedding Breakfast for a known fee – and best of all no nasty surprises.

This does not mean you cannot change your package or mix and match between the options of the Wedding Marquee and Wedding Breakfast. And it does not mean you cannot add to it. But if you want a great day with a superb marquee and fabulous food, all at a fixed price just look at our marquee and menu options and choose the two that suits you best.

Remember that if you want to discuss any of these details just give us a call.
